OTHER CHARGES

Additional split system (AC1)	\$70+
Additional split system (AC2)	\$290+
Two-storey evap service	\$500+

TERMS & CONDITIONS

All prices are exclusive of GST.

Additional charges may apply to identify unlabelled circuits.

Standard Aircon Service prices include servicing either; up to three Split Systems (at the same property) or one Ducted R/C. Evap units are no longer included.

10 Year Warranty applies to smoke alarms that have been checked annually and installed by Bara Electrical.

Entry Light Checks do not include globe replacements.

All air conditioning service pricing assumes a single-story house and/or ground level access.

Portal fees will be charged in addition to the costs above.

We always suggest a **\$500 expenditure limit** to avoid extra costs encountered for re-attending the property.
